A Message From The President

Wade S. Argo

Since 1936 Allied Finance Adjusters has offered to lenders throughout the United States and Puerto Rico a vast network of repossession professionals. With the ever-changing regulatory laws, and compliance requirements, most lenders seek out well-educated recovery professionals to perform the delicate job of repossessing collateral on their delinquent accounts.

Allied Finance Adjusters is the largest national trade association that offers continuing education, as well the advanced training needed to prevent and lessen the risk of liability that accompanies the repossession process.

Each year our members have an opportunity to attend a national conference that allows them to interact with other recovery agency owners. It allows them to exchange ideas, compare notes, and form a bond with their like-minded counterparts in other states. Allied's conferences include industry professionals that train our members about the latest recovery techniques along with updating them on critical legislation that affects the daily operation of their repossession agencies.

Allied prides itself on representing the most highly-educated and dedicated repossession professionals the industry has to offer. Our member-agents are offered training about, but not limited to, subjects such as:

- Field Agent Compliance Training
- Support Employee Compliance Training
- Situational Awareness
- Confrontational Avoidance Techniques
- Cyber Tracking Agent Compliance Training
- 2011 Dodd-Frank Wall Street Reform Act
- CFPB Compliance Training
- Servicemembers Civil Relief Act

Training on these subjects, as well as a host of others, make Allied member companies a much-needed asset to lenders throughout the country.

When you choose an Allied member for your repossession service needs, you are getting the very best in the industry. Prior to membership, our candidates are required to meet a higher standard than others. Allied performs an extensive background and credit check, and we conduct a site investigation to ensure that the agents storage facility and office meets the strict requirements needed to secure your collateral. Once selected for membership our agents are supplied with exclusive access to a fidelity protection insurance (a/k/a bond coverage) of \$1,000,000 and to Allied's on-staff legal advisor to further your protection.

When it comes time to select a repossession company, use this valuable directory we have supplied you to choose the industry professional that has the knowledge and proper training to safely and effectively recover collateral on your delinquent portfolio. You are also invited to visit Allied's web site at www.alliedfinanceadjusters.com where you can use the agent locator on the home page.

LETTER SAMPLE CONFIRMATION LETTER WITH HOLD HARMLESS CLAUSE

TO: ALLIED MEMBER:

RE: _____

This is your authorization to act as our agents to collect and/or repossess, on sight, the above collateral which is covered by default contract. This will certify that we have the right to immediate possession of this collateral.

We hereby agree to indemnify and hold you harmless from and against any and all claims, actions, suits, losses, damages and liabilities, including attorney fees and costs of defense, arising from any contention or allegation, whether well founded or otherwise, based on any acts of conduct of you or your agents which are reasonably necessary to effectuate the purpose of this assignment, except damages of the property caused by you or your agents' negligence and/or wrongful conduct of you or your agents.

You are not to reassign if no longer in your service area.

Report findings and send detailed report with your invoice.

THIS ASSIGNMENT IS FORWARDED TO YOU OVER THE ALLIED FINANCE ADJUSTERS CONFERENCE, INC.

Thank you

AFA MISSION STATEMENT

The Beginning:

Allied Finance Adjusters Conference, Inc. was founded in 1936 by eight men with a profound vision of the future. A few years prior to our founding a new financial instrument was initiated by the financial community known as Chattel Mortgage Lending. That instrument and the new mobility of borrowers at that time sparked the idea of coordinating a network of collection people to strategically locate collateral nationwide and assist lending institutions in recovering property from defaulted agreements. They had the first meeting in Saint Louis, Missouri in the summer of 1936. At that meeting this association was formally born. The name chosen was "THE NATIONAL ASSOCIATION OF THE ALLIED FINANCE ADJUSTERS CONFERENCE." Following an election of officers, a blue print plan for the future was created. They pooled their money and invested in cooperative advertising. Thus the first finance adjusters' directory was printed and mailed to lenders across the country. It was printed on newspaper stock and mailed first class. Keeping in mind that this was the 1930's, all of this work was done by hand, the hands of our founders, all working together to reach one goal, serving the financial community.

1940's

As the years progressed the association began to grow in membership and in lender acceptance. Membership doubled and then tripled into the early 1940's. The members were becoming trusted "allies" of the financial community. All was going according to plan. The association was growing and they were holding annual meetings to discuss the direction of the association. All efforts came to a halt when the United States entered World War II.

Post War:

There was divisiveness in the ranks so strong the association split into two separate entities. The name of the association split as well. Thus the founding of Allied Finance Adjusters Conference and its offshoot National Finance Adjusters was spawned. The competition was healthy and both associations began to grow and prosper. Allied was incorporated in 1951 in the state of Illinois as a Not For Profit Corporation. As per the articles of incorporation, all funds generated by the association are to be spent on cooperative advertising, education, awareness and the operation of the association. Allied has no paid officers.

1980's

All was well within Allied for the past 25 years. Then due to circumstances beyond the control of the association the Department of Justice decided that it wrong for the association to publish a minimum price schedule for the services offered. The Justice Department brought action against the association and in addition was cited for a restraint of trade due to the association's exclusive membership. In 1980 Allied entered into a Consent Decree to eliminate publishing suggested rates and fees thus eliminating the problems dealing with the charge of price fixing.

1990's

Things began to settle down and Allied began to grow again. Much the same as the kids game of "King of the Hill", Allied was again threatened with a suit for restraint of trade due to its exclusive membership format. At a meeting held in the early 1990's a motion was brought from the floor stating that any territories that were open as of that date were no longer exclusive. The motion went on to say that, at the current members discretion in any territory, the member may, at his option, elect to make his membership non-exclusive. Further, if for any reason any territory becomes open, it shall not be re-opened as an exclusive. The motions carried.

2000's

Allied is now and has always been in complete compliance with the Consent Decree entered into in 1980. Since 2008, there are no exclusive territories and Allied has welcomed all applicants meeting its strict criteria. There are benefits to holding a membership in the Allied Finance Adjusters Conference, Inc. Those benefits are as always, cooperative advertising coupled with conventions that educate, inform, and encourage client participation and interaction. Allied also has a public relations program that sets up display booths at many Bank and Credit Union functions each year. Membership dollars go to fund these programs and not into the pockets of those who purport to be acting in your best interest. In 2006 Allied launched its new website.

2010's

In early 2011 Allied spent months revamping the AFA website, adding state of the art membership databases and search engine functionality, allowing the automation of the new member application process. The new secure and compliant client assignment portal uses no third party software. Allied's new website was designed and built with the client in mind.

Continued on next page

The History of Allied Finance Adjusters

In mid **2012**, Allied and RSIG created the first ever “Consumer Financial Protection Bureau (CFPB) Compliance Training” education program for its members. Allied also created a standardized “Federal Employee Handbook” for its members to further the professionalism demanded by legislation and the industry itself. By late 2012 CFPB was in full swing. Allied simplified the process of providing clients with its members compliance documents via the AFA Website. Clients can now view the members profile page and download their basic compliance documents with one click. This program is strictly voluntary and by mid 2014 over 3/4 of the members have participated in uploading documents.

2013 brought the first ever joint convention with Allied and RSIG. Located in Ft. Lauderdale, Florida the attendance exceeded over 400 vendors, speakers and repossessionors. The event was the largest gathering in history. This same year Allied was the first trade to mail out two membership directories. The Annual directory was sent out to over 27 thousand banks, credit unions and financial institutions nationwide. The Midyear directory was mailed to over 14 thousand automotive new and used car dealers, buy here pay here and subprime lenders nationwide. In early 2013 over 41 thousand directories were put into the hands of clients. A industry first! Late 2013 AFA invited TFA and RSIG to attend their Mid Year Meeting. They offered CFPB Compliance training to all members.

In **2014** Allied again joined RSIG in Chicago, Illinois for their annual convention, breaking records and industry firsts run in the Allied family! The joint convention in Chicago exceeded 500 attendees. In Mid 2014 Allied introduced “The Star Recognition” program. Members are now recognized on the AFA website for their service and commitment to Allied. Members receive gold stars for; serving on the board of directors, being a committee chairperson or a divisional director and receiving an award. Members also receive a star noting the members years of continuous membership. This identifies to the client the members participation and ongoing commitment to Allied. At the same time Allied introduced the first membership interactive search map. Clients can now search by their customer’s zip code, locate the closest Allied member, zoom in and see the Allied’s member’s physical office location via street view. Allied does not allow ghost or phantom member offices period. This is Allied’s commitment to the truth in advertising to the lenders and clients. By late 2014 the Allied membership exceeded 300 members, actual members not offices or locations. Making Allied the largest trade to the industry by leaps and bounds!

In **2015** Allied released on their website the “State Facts and Requirements” pages. Clients and members can now search by state for the laws and licensing requirements regarding repossessions. The amount of data collected on these pages surpasses any other trade in the industry. In late 2015 Allied implemented the first ever Client login! Clients can log into the AFA website, add the members they have approved and manage their compliance documents. Clients will be notified of the members expiring documents and can contact the members directly through the system, make notes and much more. Another first in the industry!

In **2016** Allied released the most invading and cutting edge mobile app of any trade in the repossession history! The Allied Finance Adjusters Conference app is available on Apple IOS, Microsoft and Android platforms. The app includes live real time member search function, convention functions, notifications and more. This state of the art mobile app will be ever developing.

In closing:

Allied may very well be your best investment for the future but please be prepared to pitch in and work. Just the same as the founders of this association way back in the 1930’s, it takes energy and guidance from each and every member of this association to make it work for us all. Current members of Allied Finance Adjusters Conference, Inc. encourage and support fellow members and all new applicants desiring to get in on the ground floor of the oldest, largest, Not-For-Profit and fastest growing independent national repossessionor trade association. To date all Allied officers are volunteers sharing their ideas and professionalism with the membership and the trade.

The RABF is a non-profit charitable organization formed by repossession agents for repossession agents. Since 2002, it's helped scores of families by distributing hundreds of thousands of dollars to them in their time of need. It may have been due to the death of a repo agent on the job; to help the family with the medical bills left behind as a result of the loss of a loved one; or to make a payment on behalf of the family directly to a funeral home. (There are guidelines for qualifying you can review on the website on the 'Eligibility' page.)

While the reasons may vary, the purpose is always the same. To help our own in their time of need. The RABF is a federally registered 501c3 non-profit organization which is run by administrative volunteers who donate their time, talent and energy without pay of any kind. There is also an advisory committee which reviews every claim, manned by volunteers from repo associations across the US. Their purpose is to determine how this fund can best help those in our industry that are in need that qualify.

The RABF relies solely upon the generosity of others for their funding. Contributors who truly care about our industry are the individuals that keep this fund alive. You never know when you may need this help. No one does. The point is, that the RABF wants to be there when you need it. Please take the time to visit their website:

www.RecoveryAgentsBenefitFund.org and read about what they do, and how they do it. Take a moment to visit the section entitled "Legacy". This section is new and is being devoted to those that are no longer with us. Perhaps you have someone you would like to submit for consideration.

Take a look at the long list of those that the RABF has helped in their time of need. That list by name is in the "Those We've Helped" section. Sign up for their free bulletins to keep informed on happenings within the RABF in our industry. Finally, if your circumstance permits, take the time to make a donation to this worthy cause. You, your friends and your family will appreciate it, and may even benefit directly from it one day. We never know what tomorrow may bring.

RABF would like to thank all who have donated in the past. We have created this "Legacy" page for all of our fallen friends, employees and family members. If you would like to submit a "Legacy" please do so by clicking on the RABF Legacy logo.. This page is for anyone related to the repossession industry. Thank you and God Bless.

For more information about donating please call (703) 365-0409 or send your donations to:
