

Mike Reiter has been involved in the towing and repossession industry since 1984. As owner of a fifteen truck towing fleet, Mike recognized a need for a tow unit designed for speed and safety. He became the west coast Dynamic distributor, developing a close and personal relationship with Dave Craze, innovator of the self-loader wheelift system. H.A.R. Towing is an emergency road service provider for the Automobile Club of Southern California. Mike continues to promote safety with the California Association of Licensed Repossessors and associations throughout the country. Mike regularly is a contributing author to industry publications discussing topics such as transmissions, tires, engines, accessories, fuel additives and most importantly driver on the road safety. H.A.R./ West Valley Wrecker Sales continue to build owner specified tow units, supply parts and provide maintenance to customers' equipment. Mike is a passionate speaker who takes pride in driving the message of safety and current technology into the heart of all seminar participants. Mike is honored to serve the Recovery Agents Benefit Fund.
